

# CLEVELAND TAP SALE!!

Ground Thread - High Speed Steel  
Spiral Point Plug Taps

List No. 1011  
Machined Screw and Fractional sizes  
from 0-80 to 3/4-10 \*

Cleveland's spiral pointed, plug style tap drive chips ahead, well out of the way of thread-cutting action. Ideal for through-hole tapping and may non-bottoming applications.

Ground Thread - HSS Titanium Nitrite Coated  
Spiral Point Plug Taps

List No. 1011TN  
from 0-80 to 1/2-20 \*

**Extended Tool Life...**Users of CTD Tin taps regularly report running them 3 to 5 times longer than top grade HSS uncoated tools.

**Higher Feeds - Higher Speeds...**Production line reports show CTD taps being run successfully 30% to 50% faster than HSS tools due to improved lubricity

**Machine Numerous Materials...**Mild steel, die steels, stainless steel, alloys, steel forgings, aluminum, bronze copper, plastic, and even wood can be machined faster & better at lower overall cost with CTD Tin coated taps.

\* Discount only applies to the most popular "H" limits.

## List Price Less **50%**

Effective February 1 through March 31, 2010
